

Oboe, C

Date

1860-1900 ca.

Primary Maker

Heinrich Friedrich Meyer

Description

A German-style simple system oboe with 13 keys and 2 ring keys. Keys have shallow cup covers and are mounted on posts attached to metal plates which are screwed to the wood. The bell has a complex double flare with flare beads, one vent hole, nickel silver flange, and lip on inner rim. Decorative features include a top joint with turned finial with nickel silver flange and turned baluster and two nickel silver ferrules on the sockets. Two non-automatic octave keys. Lowest note: B.

Dimensions

Length: 564 mm
