

Soprano saxophone, C

Date

1921-1925 ca.

Primary Maker

Cleveland Musical Instrument Company

Description

Brass. Nickel-plated. Keyless, except for one octave key. A leather strap is strapped over an open strip, when it is pressed down it closes the open strip to the point where it is pressed. This is a way to change the pitch.

Dimensions

Overall length: 576 mm Bell diameter: 88 mm
