

# Basic Detail Report

---

## Square piano

### Date

1835-1842 ca.

### Primary Maker

André Stein

### Description

The instrument is in the reverse, spinet-like layout, with the wrest plank in the front, over the keyboard, bass strings towards the back. Compass CC-g4 (g+ octaves). Viennese action, with individual checks. Two pedals: moderator, dampers. There is a cast-iron hitch-pin plate with one strut to the wrest plank in the treble. CC to EE unichord; FF to b1 bichord; c2 to g4 trichord. Veneered in mahogany outside and in the keywell area. Maple(?) veneer around the soundboard. Stand with the lower stretcher incorporating feet with two large columns supporting the instrument, also incorporating the pedal lyre.

### Dimensions

Length: 1807 mm Width: 885 mm Height of case: 330 mm \*Dimensions without moldings.
