

Basic Detail Report

Trombone slide

Date

1999

Primary Maker

Antoine Courtois

Description

Yellow brass outer slide, crook, and cork barrel assembly. Chrome plated nickel silver inner slide. Nickel silver accents on braces. Nickel silver leadpipe. Lacquer finish. Inverse conical receiver to cylindrical slide segment containing first bow, to tapered tenon joint for connecting bell section. Threaded tenon joint which connects to slide receiver and locking nut on bell section. One side action coil spring water key with cork pad on slide crook. One removable leadpipe. Small bow guard with bumper ball and rubber nipple. The "MHW" of this slide indicates it is the medium heavyweight option. The leadpipe on this model is the "2N", indicating a long (2) leadpipe made of nickel silver.
